Maybe even better than free.

Just upload the file you want to share with your friends and we send you a download link to your file. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. No account or credit card is required to get started. You can give this download link to your friends by mail or instant messenger. Any file in any format can be uploaded and downloaded for free. It is also allowed to link to the download page from websitesand communities. You decide who you want to share your files with. There are no restrictions on the number of times a file can be downloaded. If only wecould, we surely would! On the other hand, using file can actually save you money. Files can be downloaded from any computer from our high speed servers.You don't need any special software installed to be able to download your files. When you use file, you avoid storing the file you're sending in your cloudstorage or mail server. So try our free and simple filehosting service now. You can upload any type of file (movies, music, documents, images, zip files andmore). Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phoneand our servers, then from our servers to your friends device. Simply upload your file and share the link. The cost of that data transfer is covered by yourinternet service or the data plan on your phone. Unfortunately, we can't make that part free. Files transferred the old-fashioned way tend to pile up and beforgotten about, eventually costing you money in data storage fees. Alternatively you can choose to share your download links on blogs, forums and socialnetworking sites. We have no file size limit. Our service is completely free for everyone. Using file, you can circumvent those limits without paying to upgradeyour team chat service. filehosting provides an easy possibility for you to send large files to your friends. Keep your files private, or send your download linksonly to friends or family. File is free to use with no gotchas and no hidden fees.
