This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. So try our free and simple filehosting service now. You can give this download link to your friends by mail or instant messenger. Unfortunately, we can't make that part free. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then from our servers to your friends device. Alternatively you can choose to share your download links on blogs, forums and social networking sites. No account or credit card is required to get started. File is free to use with no gotchas and no hidden fees. Simply upload your file and share the link. It is also allowed to link to the download page from websitesand communities. Our service is completely free for everyone. We have no file size limit. Files transferred the old-fashioned way tend to pile up and beforgotten about, eventually costing you money in data storage fees. If only we could, we surely would! On the other hand, using file can actually save youmoney. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that canbe transferred within their apps. The cost of that data transfer is covered by your internet service or the data plan on your phone. When you use file, you avoidstoring the file you're sending in your cloud storage or mail server. You don't need any special software installed to be able to download your files. Just uploadthe file you want to share with your friends and we send you a download link to your file. Files can be downloaded from any computer from our high speedservers. Using file, you can circumvent those limits without paying to upgrade your team chat service. You decide who you want to share your files with. Thereare no restrictions on the number of times a file can be downloaded. filehosting provides an easy possibility for you to send large files to your
