Maybe even better than free.

Files can be downloaded from any computer from our high speed servers. So try our free and simple filehosting service now. There are no restrictions on the number of times a file can be downloaded. No account or credit card is required to get started. You decide who you want to share your files with. You can give this download link to your friends by mail or instant messenger. File is free to use with no gotchas and no hidden fees. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then from our servers to your friends device. You can upload any type of file (movies, music, documents, images, zip files and more). Any file in any format can be uploaded anddownloaded for free. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. Alternatively you can choose to share your download links on blogs, forums and social networking sites. If only we could, we surely would! On the other hand,using file can actually save you money. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. Unfortunately, we can't makethat part free. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files thatcan be transferred within their apps. filehosting provides an easy possibility for you to send large files to your friends. Just upload the file you want to sharewith your friends and we send you a download link to your file. Keep your files private, or send your download links only to friends or family. We have no filesize limit. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. The cost of that data transfer is covered by yourinternet service or the data plan on your phone. You don't need any special software installed to be able to download your files. Using file, you can circumventthose limits without paying to upgrade your team chat service. It is also allowed to link to the download page from websites and communities. Simply uploadyour file and share the link. Our service is completely free for everyone.
